MY PROFILE

I'm a passionate and results-driven Full-Stack Developer with over 7 years of experience building scalable, performant, and modern web applications. I specialize in Node.js on the backend and deliver seamless, responsive frontends using frameworks like React, Next.js, or Vue.js.

EXPERIENCE

FRONTEND DEVELOPER

2018–2020

Built technical foundation and delivered early freelance projects

FULLSTACK DEVELOPER

2020–2022

Became a reliable full-stack freelancer with real-world app delivery

SOFTWARE ENGINNER

2023–2025

Matured into a full-stack engineer capable of leading scalable software projects

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE

MIDWEST VALLEY UNIVERSITY, ILLINOIS, USA

(2014 – 2018)

A comprehensive 4-year program focused on software development, data structures, algorithms, and web technologies.
During this time, I developed a strong foundation in programming, databases, and front-end development. I also participated in multiple team-based projects, and began freelancing in my final year.
